Letter No 951 dated the 13th October 1905 from the Secy, New Extension Committee

Submits the original and the revised plans of the New Extension obtained from the Sanitary Engineer

Submitted - The original plan of the Extension now received is not the one which was before the Govt when their order of the 15th April '05 was passed, and is apparently not a copy of it inasmuch as the descriptions of the several classes of sites as marked thereon do not correspond with those given in the statement enclosed in the Presidency letter No 214 dated the 11th Feb 1905

Considering however, the present plans, the differences between the two are as follows:

| Description of sites - | Original plan - | Revised plan |
